Delivery Site: MU Campus

CIP Classification: 05.0199 - Area Studies, Other

Implementation Date: 8/1/2022

PROGRAM CHARACTERISTICS AND PERFORMANCE GOALS

Although all of the following guidelines may not be applicable to the proposed program, please carefully consider the elements in each area and respond as completely as possible in the format below.

Quantification of performance goals should be included wherever possible.

1. Student Preparation

- Any special admissions procedures or student qualifications required for this program which exceed regular university admissions, standards, e.g., ACT score, completion of core curriculum, portfolio, personal interview, etc. Please note if no special preparation will be required.

No special preparation will be required beyond University and College requirements.

- Characteristics of a specific population to be served, if applicable. No specific population to be served.

2. Faculty Characteristics

- Any special requirements (degree status, training, etc.) for assignment of teaching for this degree/certificate.

N/A

- Estimated percentage of credit hours that will be assigned to full time faculty. Please use the term "full time faculty" (and not FTE) in your descriptions here.

N/A

- Expectations for professional activities, special student contact, teaching/learning innovation. N/A

3. Enrollment Projections

- Student FTE majoring in program by the end of five years.

Currently 167 are enrolled in International Studies. We do not expect these changes to significantly affect enrollment in the program. However, we do hope we can increase enrollment to 200 by the end of 5 years through improved outreach and

post-pandemic increases in enrollment generally.

- **Percent of full time and part time enrollment by the end of five years.**
Not sure, but expect it will be comparable to College averages. I have left the Full Time to Part Time ratio empty since I do not have those statistics.

STUDENT ENROLLMENT PROJECTIONS

YEAR	1	2	3	4	5
Full Time					
Part Time					
Total	170	180	190	195	200

4. Student and Program Outcomes

- **Number of graduates per annum at three and five years after implementation.**
In the 2021-22 school year, we have 40 graduates. This is lower than in previous years, likely impacted by the pandemic. We expect these numbers to increase, but any specific numbers we give will be a guess. Since this proposed change does not actually change the number of required courses in the major, we do not expect it to have a significant impact on our enrollment.
- **Special skills specific to the program.** N/A
- **Proportion of students who will achieve licensing, certification, or registration.** N/A
- **Performance on national and/or local assessments, e.g., percent of students scoring above the 50th percentile on normed tests; percent of students achieving minimal cut-scores on criterion-referenced tests. Include expected results on assessments of general education and on exit assessments in a particular discipline as well as the name of any nationally recognized assessments used.**
N/A
- **Placement rates in related fields, in other fields, unemployed.**
In 2018 pre-pandemic 73% working full time, 6% working part time, 11% continuing education, less than 5% in the military, and 6% unemployed
- **Transfer rates, continuous study.** 11% in continuing education

5. Program Accreditation

- **Institutional plans for accreditation, if applicable, including accrediting agency and timeline. If there are no plans to seek specialized accreditation, please provide rationale.**

No. No subject specific accreditation available for this field of study.

6. Program Structure

- A. Total credits required for graduation: 120
- B. Residency requirements, if any: 30 of final 36 hours at MU
- C. General education: Total credits: 27 for gen ed but additional requirements for [A&S foundation](#), so a total of 54 for gen ed/A&S foundation combined

Courses (specific courses OR distribution area and credits)

- D. Major requirements: Total credits: 45

Major Program Requirements (Total 45 Credits)

A student majoring in the BA in International Studies must complete 45 hours of coursework in the following categories: Core, Language, Regional/Cultural Humanities, Social/Behavioral, and an Emphasis Area. Students are also required to complete a capstone course within the Emphasis Area, and a 4-week minimum study abroad.

Additional Major Course Requirements

Language Requirements (6 hours minimum)

For the major, students must complete 6 hours minimum in a single second language, beyond the elementary level.

International students whose native language is other than English may petition the International Studies Program to substitute the language requirement with courses that deepen their English language ability or upper-level International Studies courses.

Non-international students who can demonstrate proficiency in a language other than English comparable to a student who has completed 6 hours beyond the Elementary sequence at MU may petition the International Studies Program to substitute upper-level International Studies courses for the language requirement. If the student is proficient in a language offered at MU: the student may be evaluated by that language program. The evaluation must test the student's ability in all the modalities appropriate for that language (reading, writing, listening, and/or speaking). If the student is proficient in a language not offered at MU, the student is responsible for finding a qualified examiner in that language, who must then be approved by the International Studies director. The evaluation must test the student's ability in all the modalities appropriate for that language (reading, writing, listening, and/or speaking) at the mid-intermediate level or higher as defined by ACTFL proficiency guidelines.

Regional/Cultural Area (6 hours minimum)

Could include additional language and literature courses from the language of major study, as well as coursework with an international focus from Philosophy, Religious Studies, Art History, Film Studies, and Civilization courses.

Social/Behavioral Sciences Area (6 hours minimum)

Could include coursework with an international focus from Geography, History, Political Science, Economics, Anthropology, Sociology, Women's and Gender Studies and Peace Studies.

Emphasis Areas (9 hours minimum)

Students must complete coursework in an emphasis area of their choice. The emphasis area options are: [East Asian Studies](#), [Environmental Studies](#), [European Studies](#), [Latin American Studies](#), [Peace Studies](#), or [South Asian Studies](#). The emphasis area is typically related to the second language the student is studying. Students are encouraged to take 9 credits from a single department or area. The 3-credit capstone experience will complete the 9 hours of credit in the emphasis area. Students also have the option to pursue [International Business](#), which is a dual degree program with a separate set of requirements. For details on requirements in an emphasis area, refer to each degree page.

E. Free elective credits: 21
(*sum of C, D, and E should equal A*)

F. Requirements for thesis, internship or other capstone experience:

Capstone Options

[Policies](#)

- The Capstone must be completed in the final 45 hours of coursework.
- Students must earn a C- or higher to fulfill the Capstone requirement.
- Students must have a Capstone approved by their academic advisor.
- Students may complete an Internship or Readings that is not used as a Capstone.
- Students may not earn retroactive credit for internships.

Internships 4940

- Students must have a 2.0 cumulative GPA to apply for approval of an internship project.
- Students must not have any active Student Conduct holds.
- Students may not complete an internship at an existing position.
- Students must work 50 hours for each credit hour earned.
- Only internships in the United States can be approved.
- During the Internship period, students must submit the following assignments:
 - a well-written proposal outlining the details of the internship must accompany the application
 - a carefully-prepared factual report about the internship which addresses the questions outlined in the student's internship proposal
 - a résumé which includes the student's internship experience and documents the tangible skills they attained while working
 - an interpretative essay in which students connect what they have learned from their internship experience with their academic work in their individualized major
 - Internship supervisors must submit a performance evaluation.
- Internships receive a grade of S or U (pass/fail).
- The Office of Multidisciplinary Degrees reserves the right to deny internship project approval to any student it believes will not be a good representation of the University.

Readings 4960

Students work independently with MU faculty on research and/or professional projects. A student finds a campus professor with whom to work. Together, they create concrete objectives for a meaningful project. The professor guides and supervises the student towards completion of the project and is responsible for awarding a letter grade for the course.

Service-Learning 4970

Service-Learning provides hands-on experience in service experiences that are coordinated in collaboration with MU and the community. Service-Learning experiences create valuable learning environments for students as they connect with the community in partnerships that provide effective and far-reaching assistance to those in need. To apply, students must have a 2.5 GPA or higher.

4000-level Capstone course

Students can select a 4000-level course in the Focus Area to fulfill the Capstone requirement. This course does not need to be a departmental Capstone in order to fulfill the requirement.

G. Any unique features such as interdepartmental cooperation:

Study Abroad Experience Requirement

- Students should study abroad for a minimum of 4 weeks.
- If a program is less than 4 weeks, it must be approved by the academic advisor.
- Credit earned during a study abroad experience may be used to fulfill major requirements.
- Students should complete their study abroad experience prior to their last year.
- Preparation for a study abroad experience should begin a year in advance.
- International students may count their time in the U.S. towards their study abroad requirement.
- Information on study abroad is available at the [International Center website](#).

To apply, students must have a 2.5 GPA or higher.

4000-level Capstone course:

Students can select a 4000-level course in the Focus Area to fulfill the Capstone requirement. This course does not need to be a departmental Capstone in order to fulfill the requirement.

Study Abroad Experience Requirement

- Students should study abroad for a minimum of 4 weeks.
- If a program is less than 4 weeks, it must be approved by the academic advisor.
- Credit earned during a study abroad experience may be used to fulfill major requirements.
- Students should complete their study abroad experience prior to their last year.
- Preparation for a study abroad experience should begin a year in advance.
- International students may count their time in the U.S. towards their study abroad requirement.
- Information on study abroad is available at the International Center website (<https://international.missouri.edu/studyabroad/>).

Additional Requirements*

A minimum grade of C- is required for courses taken for the major. A minimum cumulative GPA in all major coursework is 2.0. In addition, students must complete all College of Arts and Science and University graduation requirements (<http://catalog.missouri.edu/academicdegreerequirements/universityrequirements/>), including University general education (<http://catalog.missouri.edu/academicdegreerequirements/generaleducationrequirements/>).

Major Program Requirements

To complete this course of study, students must be accepted in both the Bachelor of Arts in International Studies program in the College of Arts and Science and the Bachelor of Science in Business Administration program in the Trulaske College of Business, and must also complete all [university requirements](#), including [general education](#). Students are required to complete a minimum of 133-148 credit hours which is determined by the specific BSBA international business emphasis area chosen when they are accepted into the upper level in the Trulaske College of Business. Only one D-range grade is allowed in the major. The final 30-36 hours taken for the degree must be completed as MU courses unless the hours are earned through a study abroad program. Students must have a 2.0 GPA (cumulative, major, final 30 hours, and final 60 hours) to graduate.

A student majoring in this dual degree program must complete a 4-week minimum study abroad and courses in the following categories: International Core, Language, International Studies Area Support, Business Core, Business Emphasis, and Business Capstone.

Study Abroad Requirement

- Students should study abroad for a minimum of 4 weeks.
- If a program is less than 4 weeks, it must be approved by the academic advisor.
- Credit earned during a study abroad experience may be used to fulfill major requirements.
- Students should complete their study abroad experience prior to their last year.
- Preparation for a study abroad experience should begin a year in advance.
- International students may count their time in the U.S. towards their study abroad requirement.
- Information on study abroad is available at the [MU Study Abroad](#) website

International Studies Core Requirements

A student majoring in the BA in International Studies must complete the following specified core coursework to fulfill Arts and Science Foundation Requirements:

- [ANTHRO 2030](#) Cultural Anthropology (3 Credits)
- [GEOL 1100](#) Introduction to the Earth with Laboratory (3 Credits)
or [GEOG 1200](#) Regions and Nations of the World II
- [POL SC 1400](#) International Relations (3 Credits)
or [POL SC 2700](#) Comparative Political Systems
- One course chosen from the list of International Studies core humanities (3 Credits)
- Two courses chosen from list of approved International Studies humanities courses (6 Credits)

Second Language Requirements

- For the major, students must complete 6 hours minimum in a single second language, beyond the elementary level.
- International students whose native language is other than English may petition the International Studies Program to substitute the language requirement with courses that deepen their English language ability or upper-level International Studies courses.
- Non-international students who can demonstrate proficiency in a language other than English comparable to a student who has completed 6 hours beyond the Elementary sequence at MU may petition the International Studies Program to substitute upper-level International Studies courses for the language requirement. If the student is proficient in a language offered at MU: the student may be evaluated by that language program. The evaluation must test the student's ability in all the modalities appropriate for that language (reading, writing, listening, and/or speaking). If the student is proficient in a language not offered at MU, the student is responsible for finding a qualified examiner in that language, who must then be approved by the International Studies director. The evaluation must test the student's ability in all the modalities appropriate for that language (reading, writing, listening, and/or speaking) at the mid-intermediate level or higher as defined by ACTFL proficiency guidelines.
- For a list of languages offered, see the [School of Languages, Literature, and Cultures](#)

Area Support Requirements

- Complete 3 credit hours 2000-level or above, and 6 credits 3000-level or above.
- Courses used to fulfill this section must be from a College of Arts and Science department and have an international focus. An exception can be made for one course offered through Trulaske College of Business, either on campus or through one of the college's study abroad programs, as long as the course has a strong international studies focus. Coursework typically includes classes in Culture, Geography, Government, or History related to language studied.
- Courses used to count toward the BSBA cannot fulfill this section.

Business Core, Business Emphasis, and Business Capstone Requirements

These requirements for this degree are determined by the specific BSBA international business emphasis area chosen when students are accepted into the upper level in the Trulaske College of Business. Click on the links below for more detailed information about each emphasis area.

Program Requirements Change: Significant changes were made to the program requirements.

Accreditation:

Plans to apply: Do you plan to apply for program specific accreditation? No

Provide brief explanation: No subject specific accreditation available for this field of study.

Change Justification:

Term effective: Select the term these changes are to be effective. Fall 2021

Justification for changes:

We are not making any changes to this emphasis area, just rewording to streamline and clarify our description of the requirements of the degree. International Studies emphasis areas other than International Business are being changed so that the International Studies core coursework fulfills major requirements rather than A&S foundation requirements. No such change is being made for the International Business emphasis since doing so would increase the credits needed to complete the degree to a point where students would need even more than the typical 9 semesters currently needed.

However, since this falls under the International Studies degree for which we are making substantial changes, we are including this under substantial changes.

The clarifications we are making are as follows:

1. Links to the International Business emphasis areas (Economics, Finance, Management, Marketing), which have more detailed and complete descriptions of the requirements, are written as bullet points to make them easier to see and find.
2. Language and study abroad requirement minor changes are reworded to be consistent with the same changes being made in the IS Degree in other emphasis areas
3. Added a description of the IS core requirements that was missing from the previous version of this page. No change is being made to these requirements.

Change due to accreditation: Are the changes you are proposing precipitated by a change in the rules and requirements of your accrediting agency? No

Program Requirements Change: Significant changes were made to the program requirements.

Change Justification:

Term effective: Select the term these changes are to be effective.

Fall 2022

Justification for changes:

We are moving 18 hours of core coursework required for the major to the major itself rather than imposing those on A&S foundation requirements. Thus, our major configuration is changing. See the BA in International Studies page for explanation of justification of changes.

Change due to accreditation: Are the changes you are proposing precipitated by a change in the rules and requirements of your accrediting agency? No
