Academic Program Actions Approved through Routine and Staff Review

Coordinating Board for Higher Education
September 16, 2020

BACKGROUND

Section 173.005.2(1), RSMo, authorizes the Coordinating Board for Higher Education to approve new degree programs to be offered by state institutions of higher education. The Coordinating Board in June 2017 delegated to the commissioner of higher education the authority to approve proposals for new academic programs that meet the criteria for Routine review. Routine review applies to the proposals that are clearly within an institution's CBHE-approved mission and service region, do not unnecessarily duplicate an existing program in the geographically applicable area, will be offered at the institution's main campus or at a CBHE-approved off-site location, will build on existing programs and faculty expertise, and can be launched with minimal expense and within an institution's current operating budget. Staff review applies to minor program changes to existing academic programs such as deletion, inactivation, change of title or CIP code, or change of address notification.

This agenda item reports all Routine and Staff reviews by the Missouri Department of Higher Education and Workforce Development staff from May – July 2020, and are submitted to the Coordinating Board for Higher Education for information.

CURRENT STATUS

Table 1 summarizes proposed program actions submitted to the CBHE by public institutions, and Table 2 summarizes proposed program actions submitted by independent institutions. An itemized list of program actions is included in the attachment to this agenda item.

Academic Program Changes Approved Routine Review

Public Institutions

Summary

Table 1: Public Institutions	Certificates	Associate	Baccalaureate	Graduate	Total
Deleted	13	4	9	1	27
Inactivated	10	3	1	2	16
Other Program Changes*	19	10	12	17	58
New Main Campus/Online**	74	4	7	2	87
New Off-Site	4	4	2	1	11
Programs Denied	1	1	0	0	2

*includes options inactivated/deleted, options added, titles changed, programs combined, and coursework revised. **Includes certificates added through the program change process.

Comments: Ozark Technical Community College submitted a proposal to offer a one-year certificate and Associate of Applied Science in Marine Service Technology at their main campus, an existing location in Lebanon, and at a proposed new location of Lake Career & Technical Center, 269 Dare Blvd., Camdenton, MO 65020, which is within State Fair Community College's voluntary service region. A comment received from State Fair Community College did not support Ozarks Technical Community College's proposal, citing concerns over violating the terms of the service agreement that protect voluntary service regions, and a ballot measure to annex the location into OTC's taxing district did not pass. After discussions with both colleges and the Camdenton R-III School District, a review of MDHEWD policy, and a review of the Missouri Community College Association's service agreement between presidents and chancellors, the department denied the proposals at the Camdenton site. The proposals were approved to be offered at Ozarks Technical Community College's main campus and their existing approved site of Lebanon Education Center.

Table 2: Independent Institutions	Certificates	Associate	Baccalaureate	Graduate	Total
Deleted	0	9	12	2	23
Inactivated	0	0	0	0	0
Other Program Changes*	3	0	9	5	17
New	7	1	6	3	17
Off-Site	0	0	4	0	4
Programs Withdrawn	0	0	0	0	0

*includes options inactivated/deleted, options added, titles changed, programs combined, and coursework revised

Comments: Ozarks Technical Community College submitted a comment on Drury University's proposal to offer an Associate of Arts in General Studies, stating the program is an unnecessary duplication of an existing program within the geographically applicable area, and the degree is offered at OTC for less than half of Drury's per credit hour tuition rate. Drury University provided clarifying information about the program, and MDHEWD staff completed the review and placed the program in department's inventory. The state regulation that applies to the academic program review process, 6 CSR 10-4.010, states in section three (3) "In no event, section four (4) of this rule notwithstanding, will independent institutions' program proposals be subject to CBHE approval."

RECOMMENDATION

This is an information item only.
