Governor's Emergency Education Relief Fund Update

Coordinating Board for Higher Education

June 17, 2020

BACKGROUND

On March 27, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. Included in the legislation was funding for a Governor's Emergency Education Relief (GEER) Fund.

GEER Fund Uses

As outlined in the CARES Act, each state's governor may direct the GEER Fund allocation towards the following purposes:

- Providing emergency funds to local educational agencies (LEAs),
- Providing emergency funds to institutions of higher education (IHEs) serving students within the state, and
- Providing emergency funds to any other IHE, LEA, or education related entity within the state for a broad array of purposes ranging from any activity authorized under various federal education laws to the provision of child care and early childhood education, social and emotional support, and the protection of education-related jobs

GEER Fund Reporting Requirements

The U.S. Department of Education (USDE) determined that of the \$3 billion in GEER funds provided by the U.S. Congress, Missouri would receive \$54.6 million pending approval of a completed certification and agreement. The certification and agreement to USDE includes a description on how the state would use the GEER Funds and insurances that, within 45 days of receiving the funds, an initial report that details how the state will award funds to LEAs, IHEs, or other education-related entities would be submitted. As part of the reporting requirements and assurances outlined in the CARES Act and USDE's certification and agreement, a state must also submit the criteria it used to determine those entities that are "most significantly impacted by the coronavirus" or are "essential for carrying out emergency educational services." In addition, recipients of the GEER Funds meeting the CARES Act's "large covered fund" threshold must comply with Section 15011(b)(2) of the law.

With the assistance of both the Department of Higher Education and Workforce Development (DHEWD) and the Department of Elementary and Secondary Education (DESE), the Governor's Office through the Office of Administration (OA) submit a GEER Fund application which was approved. Funds were awarded on May 20; the state now has until July 6 to submit its initial report.

General Assembly Action

The Missouri General Assembly designated the uses of the GEER Funds through HB 2003's passage. Specially, the General Assembly determined the \$54.6 million awarded to Missouri would be allocated as follows:

- \$23.6 million to DHEWD for institutions of higher education
- \$1 million for the Fast Track Incentive Grant Program
- \$30 million to the DESE

As of June 10, the Governor has not signed HB 2003 into law. It is not clear whether the General Assembly's recommendations are binding on the Governor or if he will choose to align his decisions with the amounts appropriated in the bill.

CURRENT STATUS

DHEWD staff is in communication with the Governor's Office, OA, and DESE on expectations and additional clarity surrounding responsibility. These conversations include discussions on a memorandum of understanding between all parties and the GEER Fund's maintenance of effort requirement.

NEXT STEPS

DHEWD staff will seek feedback on a framework for determining award amounts to institutions during the June 17, 2020, CBHE meeting. DHEWD staff will also follow up with CBHE members and institution presidents/chancellors and CFOs for additional feedback through Wednesday, June 24, 2020, in order to meet the U.S. Department of Education reporting deadline.

PROGRAM BACKGROUND INFORMATION

Purpose

Under the Governor's Emergency Education Relief Fund (GEER Fund), the U.S. Department of Education (Department) awards grants to Governors for the purpose of providing local educational agencies (LEAs), institutions of higher education (IHEs), and other education related entities with emergency assistance as a result of the Novel Coronavirus Disease 2019 (COVID-19).

Eligibility

Governors in all 50 States and the Commonwealth of Puerto Rico, as well as the Mayor of the District of Columbia.

Funding

The Department will award \$2,953,230,000 to Governors:

1. 60% based on the State's population of individuals aged 5 through 24; and
2. 40% based on the relative number of children counted under section 1124(c) of the Elementary and Secondary Education Act of 1965, as amended (ESEA).

Timeline

Each Governor will have one year, from the date of the State's award, to award funds. Any funds not awarded by the Governor within one year of receiving the State's award will be returned to the Department for reallocation.

Uses of Funds

1. Provide emergency support through grants to the LEAs that the State educational agency (SEA) deems to have been most significantly impacted by COVID-19 to support the ability of such LEAs to continue to provide educational services to public and non-public school students and to support the on-going functionality of the LEA;
2. Provide emergency support through grants to IHEs serving students within the State that the Governor determines have been most significantly impacted by COVID-19 to support the ability of such institutions to continue to provide educational services and support the ongoing functionality of the institution; and
3. Provide support to any other IHE, LEA, or education-related entity within the State that the Governor deems essential for carrying out emergency educational services to students for authorized activities described in section 18003(d)(1) of the CARES Act or the Higher Education Act of 1965, as amended (HEA), the provision of childcare and early childhood education, social and emotional support, and the protection of education-related jobs.

GOVERNOR'S EMERGENCY EDUCATION RELIEF FUND
PART B: PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The Governor or his/her authorized representative assures the following:

- Solely as authorized by Section 18002 of Division B of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Pub. L. No. 116-136 (March 27, 2020), and subject to all other applicable laws, funds will be used for one or more of the following:
 - To provide emergency support through grants to the local educational agencies (LEAs) that the State educational agency (SEA) deems most significantly impacted by COVID-19 to support the ability of such LEAs to continue to provide educational services to public and non-public school students and to support the on-going functionality of the LEA;
 - To provide emergency support through grants to institutions of higher education (IHEs) serving students within the State that the Governor determines have been most significantly impacted by COVID-19 to support the ability of such institutions to continue to provide educational services and support the on-going functionality of the institution; and
 - To provide support to any other IHE, LEA, or education-related entity within the State that the Governor deems essential for carrying out emergency educational services to students for authorized activities described in Section 18003(d)(1) of the CARES Act or the Higher Education Act of 1965, as amended (HEA), the provision of childcare and early childhood education, social and emotional support, and the protection of education-related jobs.
- The State will comply with the maintenance of effort provision in Section 18008(a) of Division B of the CARES Act absent waiver by the Secretary pursuant to Section 18008(b) thereof.
- The State, and each LEA, IHE, and other education-related entity that receives GEER funds will, to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to COVID-19 in compliance with Section 18006 of Division B of the CARES Act.
- The State will submit to the Department, within 45 days of receiving GEER funds, an initial report detailing the State's process for awarding those funds to LEAs, IHEs, or other education-related entities, including the criteria for determining those entities that are "most significantly impacted by coronavirus" and/or "essential for carrying out emergency educational services" and a description of the process and deliberations involved in formulating those criteria.
- The State will use its best efforts to provide grant funding on an expedited basis.
- The State will comply with all reporting requirements including those in Section 15011(b)(2) of Division B of the CARES Act and submit required quarterly reports to the Secretary, at such time and in such manner and containing such information as the Secretary may reasonably require in the future. (See also 2 CFR 200.327-200.329). The Secretary may require additional reporting in the future, which may include:
 - Specific entities awarded GEER funds by the Governor;
 - Uses of funds by the SEA, LEAs, IHEs, or other educational entities and demonstration of their compliance with Section 18002(c), including any use of funds was applied to support addressing digital divide and related issues in distance learning;

- The number of public and non-public schools that received funds or services; and
- A description of the internal controls the State has in place to ensure that funds were used for allowable purposes and in accordance with cash management principles.
- Generally speaking, the Department does not expect administrative or executive salaries and benefits for IHEs, SEAs, or the other education related entities referenced at § 18002(c)(3) to be a lawful purpose for GEER funds.
- Similarly, the Department does expect increased reporting requirements if these funds are used for payments to education related entities. If a State, in the exercise of its discretion, allows GEER funds to be used accordingly, then it must report the amount of GEER funds (a) (i) used for, to subsidize, or to offset administrative or executive salaries and benefits and/or (ii) provided to or for the benefit of state, local, or IHE teacher or faculty unions or associations; and (b) a detailed description of the evidence providing a reasoned basis for the determination such funds (if any) are necessary to provide educational services to students and/or to support the on-going functionality of a LEA or IHE, or are otherwise specifically authorized by the plain statutory language and context of § 18002(c)(3) of the CARES Act.
- The State will ensure that an LEA receiving GEER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
 - The State will ensure that a public agency will maintain control of funds for the services and assistance provided to a non-public school under the GEER Fund.
 - The State will ensure that a public agency will have title to materials, equipment, and property purchased with GEER funds.
 - The State will ensure that services to a non-public school with GEER funds will be provided by a public agency directly, or through contract with, another public or private entity.
- The State will ensure that every recipient and subrecipient of GEER funds will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.
- The State will return to the Secretary any funds received under the GEER Fund that the State does not award within 1 year of receiving such funds.

GOVERNOR'S EMERGENCY EDUCATION RELIEF FUND
PART C: USES OF GOVERNOR'S EMERGENCY EDUCATION FUNDS

Section 18002 of Division B of the CARES Act provides in relevant part that grants awarded under the Governor's Emergency Education Relief Fund be used to support the ability of local educational agencies (LEAs) and institutions of higher education (IHEs) to continue to provide educational services to their students. The Department is interested in learning how and to what extent each State intends to use the award, or a portion of the award, to establish, develop, improve, or expand the availability, accessibility, capacity, and use of remote learning techniques and technologies which includes both distance education as defined in section 103(7) of the HEA and distance learning as defined in ESEA section 8101(14). The Department requests the following information:

1. Does the State intend to use any of the awarded funds to support remote learning for all students?

Yes, the state of Missouri intends to utilize funds to support remote learning for all students.

- a. Please describe whether the State considered conducting an assessment of the barriers to implementing effective remote learning for all students, or utilizing an existing assessment, to help target resources toward greatest needs.

The state conducted multiple assessments of barriers to implementing effective remote learning for all students. During the spring of 2020 the Missouri Department of Elementary and Secondary Education (DESE) and the Missouri Department of Higher Education and Workforce Development (DHEWD) surveyed LEAs and IHEs. Further, consultants from the Missouri Leadership Development System (MLDS) and Missouri's Equity Lab (EQL) trainers were surveyed. These three aspects of the assessment resulted in a mix of quantitative and qualitative data that informs the state's priorities for targeting the greatest needs.

- b. With respect to LEAs, please describe how the State intends to use the funds to help students and teachers adopt or improve remote learning that serves all students, including students with disabilities, students from low-income families, charter school students, and non-public school students.

The results of the assessment above indicate that over 200,000 K-12 students, 23.3%, lack access to digital learning resources because of lack of equipment and connectivity. While improved infrastructure is needed - particularly in our rural and urban areas - affordability was reported as the greatest barrier to access, regardless of where students live. Additionally, educators need professional development to increase their skills with remote instruction as well as the social-emotional supports for themselves and their students.

Missouri intends to use a portion of the funds under this grant to increase connectivity for all students by providing Wi-Fi enabled devices to students with the greatest need. Using other grant funds, DESE intends to increase low- to no-cost Wi-Fi signal to all students. The devices provided under this grant, in combination with increased Wi-Fi availability, will allow students access to digital learning. Devices will be supplied to students of both traditional and charter public schools. Under the equitable services provision, non-public students will also receive benefits.

To increase the quality of remote learning for students, Missouri will develop professional development resources focused on increasing the skills of Missouri's education workforce. These resources will address the technical and instructional expertise necessary to meet the needs of all students, including the unique needs of students with disabilities, English learners, economically disadvantaged students, and students from racial and ethnic minorities. These professional development resources will be available to all of Missouri's educators, including those in charter schools and non-public schools.

- c. With respect to IHEs, please describe how the State intends to focus expenditures to ensure that all institutions – public and private – have the needed supports to continue executing their missions and educating their students.

All sectors of postsecondary education are necessary for the state's growth and economy, and therefore recognize the needs of all Missouri IHEs in the COVID-19 pandemic and response. The postsecondary education state assessment survey was distributed to all postsecondary institutions in Missouri, including public and private institutions. The survey gained feedback from institutions regarding greatest needs and challenges to fulfilling academic missions at this time. The survey found on average nearly 25% of faculty and students lack the equipment, connectivity and training to successfully engage in online learning. Under normal circumstances, this is not optimal. However, when circumstances require that learning experiences be delivered remotely, it becomes a significant barrier.

Further, in surveying wraparound services, reporting IHE's indicated 36% of institutions are only able to meet 25% or less of student wraparound service needs. This includes mental health, homelessness, job loss, lack of childcare, among many other wraparound service needs. Finding that one-third of reporting institutions are unable to meet even one-quarter of student wraparound needs is alarming, indicating institutions need additional resources in order to fulfill their mission and ensure students have the additional resources necessary to be successful in academic study.

In order to continue executing their missions, it is imperative IHE's have the resources to do so. Relief funds will be utilized to fill the largest gaps identified in the survey surrounding internet connectivity, hardware, software, and training/development to continue online education, and to aid institutions in meeting student wraparound service needs surrounding the fallout of the COVID-19 pandemic.

2. Does the State intend to use any of the awarded funds to support technological capacity and access – including hardware and software, connectivity, and instructional expertise – to support remote learning for all students? If so, please describe how the State will achieve its goals for both LEAs and IHEs.
 - a. Please describe the strategies used to serve disadvantaged populations listed in Sec. 18003(d)(4) of the CARES Act.

As noted in the plan briefly outlined above, DESE will emphasize overcoming the digital divide by increasing connectivity and device availability. Further, the professional development to educators will include both technical and instructional skills on remote learning and social and emotional supports.

IHE's response to the COVID-19 pandemic required rapid implementation of online education. The situation made it clear that nearly 25% of students in IHEs could not be effectively reached due to lack of equipment and connectivity. Further, like educators in LEAs, IHE faculty need professional development to effectively deliver remote learning experiences. The state survey identified IHE's greatest needs for remote learning: hardware, equipment, software, internet connectivity, and faculty professional development. The state intends to distribute resources to institutions for the procurement of needed resources.

The IHE survey further identified a need for necessary resources to ensure student disability accommodations are made in online classes, and wraparound service needs surrounding mental health, hunger, homelessness, and crisis care. The state intends to address these needs through distributions of these grant funds to higher education institutions to combat the most pressing issues on their campuses.

3. Does the State intend to use any of the awarded funds to support remote learning by developing new informational and academic resources and expanding awareness of, and access to, best practices and innovations in remote learning and support for students, families, and educators? If so, please identify, generally, the resources, best practices, and innovations that the State intends to develop and expand.

As noted in the answers to questions 1.b. and 2 above, DESE will develop professional development resources. The professional development resources will provide Missouri educators access to both technical and instructional skills necessary to effectively deliver remote learning. These skills include remote lesson design; remote relationship building; methods of providing instruction and feedback, particularly on an asynchronous basis; and providing differentiated instruction for students with disabilities, English learners, and other special populations.

Through the state survey, IHEs identified faculty professional development in online course design and pedagogy as a high need. The survey also identified Missouri postsecondary institutions that teach online education very well, and are willing to train and educate other institutions regarding online course construction and pedagogy. The state intends to create an initiative that addresses faculty professional development in online education.

The statewide assessment tools identified online education professional development in all sectors of education (LEA's and IHE's). It is the state's intent to fund professional development initiatives throughout the state and in both education sectors to ensure quality academic experiences for all students.

**GOVERNOR'S EMERGENCY EDUCATION RELIEF FUND
PART D: OTHER ASSURANCES AND CERTIFICATIONS**

The Governor or his/her authorized representative assures or certifies the following:

- The State will comply with all applicable assurances in OMB Standard Forms 424B and D (Assurances for Non-Construction and Construction Programs), including the assurances relating to the legal authority to apply for assistance; access to records; conflict of interest; merit systems; nondiscrimination; Hatch Act provisions; labor standards; flood hazards; historic preservation; protection of human subjects; animal welfare; lead-based paint; Single Audit Act; and the general agreement to comply with all applicable Federal laws, executive orders, and regulations.
- With respect to the certification regarding lobbying in Department Form 80-0013, no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making or renewal of Federal grants under this program; the State will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," when required (34 CFR part 82, Appendix B); and the State will require the full certification, as set forth in 34 CFR part 82, Appendix A, in the award documents for all subawards at all tiers.
- Any LEA receiving funding under this program will have on file with the State a set of assurances that meets the requirements of Section 442 of the General Education Provisions Act (GEPA), 20 U.S.C. 1232e.
- To the extent applicable, an LEA will include in its local application a description of how the LEA will comply with the requirements of Section 427 of GEPA, 20 U.S.C. 1228a. The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede access to, or participation in, the program.
- The State and other entities will comply with the provisions of all applicable acts, regulations, and assurances; the provisions of the Education Department General Administrative Regulations in 34 CFR parts 75, 76, 77, 81, 82, 84, 86, 97, 98, and 99; the OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474.

Appendix A: Relevant Excerpts from Title VIII of Division B of the CARES Act, the Emergency Appropriations for Coronavirus Health Response and Agency Operations

DEPARTMENT OF EDUCATION

EDUCATION STABILIZATION FUND

For an additional amount for “Education Stabilization Fund”, \$30,750,000,000, to remain available through September 30, 2021, to prevent, prepare for, and respond to coronavirus, domestically or internationally: Provided, That such amount is designated by the Congress as being for an emergency requirement pursuant to section 251(b)(2)(A)(i) of the Balanced Budget and Emergency Deficit Control Act of 1985.

GENERAL PROVISIONS

EDUCATION STABILIZATION FUND

SEC. 18001. (a) ALLOCATIONS.—From the amount made available under this heading in this Act to carry out the Education Stabilization Fund, the Secretary shall first allocate—

- (1) not more than 1/2 of 1 percent to the outlying areas on the basis of their respective needs, as determined by the Secretary, in consultation with the Secretary of the Interior;
- (2) one-half of 1 percent for the Secretary of Interior, in consultation with the Secretary of Education, for programs operated or funded by the Bureau of Indian Education; and
- (3) 1 percent for grants to States with the highest coronavirus burden to support activities under this heading in this Act, for which the Secretary shall issue a notice inviting applications not later than 30 days of enactment of this Act and approve or deny applications not later than 30 days after receipt.

(b) RESERVATIONS.—After carrying out subsection (a), the Secretary shall reserve the remaining funds made available as follows:

- (1) 9.8 percent to carry out section 18002 of this title.
- (2) 43.9 percent to carry out section 18003 of this title.
- (3) 46.3 percent to carry out section 18004 of this title.

GOVERNOR’S EMERGENCY EDUCATION RELIEF FUND

SEC. 18002. (a) GRANTS.—From funds reserved under section 18001(b)(1) of this title, the Secretary shall make Emergency Education Relief grants to the Governor of each State with an approved application. The Secretary shall issue a notice inviting applications not later than 30 days of enactment of this Act and shall approve or deny applications not later than 30 days after receipt.

(b) ALLOCATIONS.—The amount of each grant under subsection (a) shall be allocated by the Secretary to each State as follows:

(1) 60 percent on the basis of their relative population of individuals aged 5 through 24.

(2) 40 percent on the basis of their relative number of children counted under section 1124(c) of the Elementary and Secondary Education Act of 1965 (referred to under this heading as “ESEA”).

(c) USES OF FUNDS.—Grant funds awarded under subsection (b) may be used to—

(1) provide emergency support through grants to local educational agencies that the State educational agency deems have been most significantly impacted by coronavirus to support the ability of such local educational agencies to continue to provide educational services to their students and to support the on-going functionality of the local educational agency;

(2) provide emergency support through grants to institutions of higher education serving students within the State that the Governor determines have been most significantly impacted by coronavirus to support the ability of such institutions to continue to provide educational services and support the on-going functionality of the institution; and

(3) provide support to any other institution of higher education, local educational agency, or education related entity within the State that the Governor deems essential for carrying out emergency educational services to students for authorized activities described in section 18003(d)(1) of this title or the Higher Education Act, the provision of child care and early childhood education, social and emotional support, and the protection of education-related jobs.

(d) REALLOCATION.—Each Governor shall return to the Secretary any funds received under this section that the Governor does not award within one year of receiving such funds and the Secretary shall reallocate such funds to the remaining States in accordance with subsection (b).

ELEMENTARY AND SECONDARY SCHOOL EMERGENCY RELIEF FUND

SEC. 18003. (a) GRANTS.—From funds reserved under section 18001(b)(2) of this title, the Secretary shall make elementary and secondary school emergency relief grants to each State educational agency with an approved application. The Secretary shall issue a notice inviting applications not later than 30 days of enactment of this Act and approve or deny applications not later than 30 days after receipt.

(b) ALLOCATIONS TO STATES.—The amount of each grant under subsection (a) shall be allocated by the Secretary to each State in the same proportion as each State received under part A of title I of the ESEA of 1965 in the most recent fiscal year.

(c) SUBGRANTS TO LOCAL EDUCATIONAL AGENCIES.—Each State shall allocate not less than 90 percent of the grant funds awarded

to the State under this section as subgrants to local educational agencies (including charter schools that are local educational agencies) in the State in proportion to the amount of funds such local educational agencies and charter schools that are local educational agencies received under part A of title I of the ESEA of 1965 in the most recent fiscal year.

(d) USES OF FUNDS.—A local educational agency that receives funds under this title may use the funds for any of the following:

- (1) Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) (“IDEA”), the Adult Education and Family Literacy Act (20 U.S.C. 1400 et seq.), the Carl D. Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2301 et seq.) (“the Perkins Act”), or subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.).
- (2) Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- (3) Providing principals and other school leaders with the resources necessary to address the needs of their individual schools.
- (4) Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- (5) Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- (6) Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- (7) Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- (8) Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

(9) Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

(10) Providing mental health services and supports.

(11) Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

(12) Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

(e) STATE FUNDING.—With funds not otherwise allocated under subsection (c), a State may reserve not more than 1/2 of 1 percent for administrative costs and the remainder for emergency needs as determined by the state educational agency to address issues responding to coronavirus, which may be addressed through the use of grants or contracts.

(f) REALLOCATION.—A State shall return to the Secretary any funds received under this section that the State does not award within 1 year of receiving such funds and the Secretary shall reallocate such funds to the remaining States in accordance with subsection (b).

ASSISTANCE TO NON-PUBLIC SCHOOLS

SEC. 18005. (a) IN GENERAL.—A local educational agency receiving funds under sections 18002 or 18003 of this title shall provide equitable services in the same manner as provided under section 1117 of the ESEA of 1965 to students and teachers in non-public schools, as determined in consultation with representatives of non-public schools.

(b) PUBLIC CONTROL OF FUNDS.—The control of funds for the services and assistance provided to a non-public school under subsection (a), and title to materials, equipment, and property purchased with such funds, shall be in a public agency, and a public agency shall administer such funds, materials, equipment, and property and shall provide such services (or may contract for the provision of such services with a public or private entity).

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of

higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.
