

Tab 3
FAFSA Frenzy Recognition

Coordinating Board for Higher Education
June 17, 2020

BACKGROUND

The Missouri Department of Higher Education and Workforce Development's Journey to College initiative works to increase college access and affordability and help Missouri students plan for the future. Journey to College includes a student-based website, outreach programs, publications, social media, presentations, and training. Three Journey to College outreach programs focus on helping students prepare for college: Apply Missouri, FAFSA Frenzy, and Decision Day.

High schools, colleges, and community organizations may host a FAFSA Frenzy event to provide free professional assistance to help students and their families submit the Free Application for Federal Student Aid. FAFSA Frenzy is a part of national efforts to promote FAFSA completion and has been offered in Missouri since 2004 through partnerships between the MDHEWD, the Missouri Association of Student Financial Aid Personnel, the Missouri Higher Education Loan Authority, and the National College Access Network.

CURRENT STATUS

Financial aid officers, high school and college counselors, and college access professionals with knowledge of the FAFSA are encouraged to volunteer at FAFSA Frenzy events every year. In 2019, 274 volunteers registered to participate in FAFSA Frenzy events across the state. The MDHEWD would like to recognize the colleges and universities whose staff volunteered at a FAFSA Frenzy this year.

Avila University	Moberly Area Community College
Central Methodist University	North Central Missouri College
Columbia College	Ozarks Technical Community College
Culver-Stockton College	Southwest Baptist University
Drury University	St. Charles Community College
