## Missouri Advisory Board for Educator Preparation Appointments

Coordinating Board for Higher Education

December 11, 2019

### DESCRIPTION

The Department of Elementary and Secondary Education and the Department of Higher Education and Workforce Development established the Missouri Advisory Board for Educator Preparation to foster meaningful and substantial collaboration among all stakeholders in the interest of improving the quality of educator preparation in Missouri. MABEP will meet at least twice annually. MABEP is composed of 14 members appointed by the Commissioners and Boards of both departments.

The duties and responsibilities of MABEP include, but are not limited to the following:

1. Meet with the commissioners of elementary and secondary education and higher education to discuss policy issues and proposed changes to standards and practices related to educator preparation programs;
2. Make recommendations to the commissioners of elementary and secondary education and higher education regarding the criteria and procedures for evaluation and approval of educator degree programs and educator preparation programs within the state;
3. Facilitate communication by inviting subject matter and educator preparation experts and constituencies with an interest in developing highly effective educators to meet with the MABEP for the purpose of identifying, reviewing, and promoting best practices and standards in educator preparation and professional development;
4. The chair of MABEP shall present annually to the board of education and coordinating board for higher education to discuss matters of mutual interest in the area of educator preparation; and
5. Maintain a record of deliberations for the purpose of keeping constituent groups with an interest in the maintenance of quality education preparation programs informed of issues and recommendations.

A minimum of a one year commitment to the duties and responsibilities of MABEP is required for participation.

### **MABEP Statutory Reference**

161.097. 1. The state board of education shall establish standards and procedures by which it will evaluate all teacher training institutions in this state for the approval of teacher education programs. The state board of education shall not require teacher training institutions to meet national or regional accreditation as a part of its standards and procedures in making those evaluations, but it may accept such accreditations in lieu of such approval if standards and procedures set thereby are at least as stringent as those set by the board. The state board of education's standards and procedures for evaluating teacher training institutions shall equal or exceed those of national or regional accrediting associations.

2. There is hereby established within the department of elementary and secondary education the "Missouri Advisory Board for Educator Preparation", hereinafter referred to as "MABEP". The MABEP shall advise the state board of education and the coordinating board for higher education regarding matters of mutual interest in the area of quality educator preparation programs in Missouri.

3. Upon approval by the state board of education of the teacher education program at a particular teacher training institution, any person who graduates from that program, and who meets other requirements which the state board of education shall prescribe by rule, regulation and statute shall be granted a certificate or license to teach in the public schools of this state. However, no such rule or regulation shall require that the program from which the person graduates be accredited by any national or regional accreditation association.

[3. Notwithstanding any provision in the law to the contrary, the state board of education may accredit a graduate law school and any graduate of such an accredited law school shall be allowed to take the examination for admission to the bar of Missouri.]

4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

### **Appointee Background Information**

The two proposed MABEP appointees:

Dr. Quincy Rose is the Dean of the College of Education at Harris-Stowe State University (HSSU) in St. Louis, Missouri. HSSU's Educator Preparation Program (EPP)'s conceptual framework revolves around the principle of preparing a culturally sensitive population of individuals who will adapt and perform successfully in an ever-changing technological world, and has programs in Early Childhood Education, Elementary Education, Middle School Education and Secondary Education. Dr. Rose is a graduate of Delaware State University. She earned a Bachelor of Science degree in Elementary Education, a Master of Arts degree in Curriculum and Instruction and a Doctorate of Education degree in Innovation and Leadership with a concentration in Organizational Leadership from Wilmington University. Additionally, Dr. Rose recently completed the competitive Women in Education Leadership Program at the Harvard University Graduate School of Education where she was carefully selected as 1 out of 50 exemplary women in leadership within the world to participate in this program.

Dr. Melanie Bishop is the Associate Vice President for Graduate Affairs and the Dean of the School of Education at Missouri Baptist University (MBU). The School of Education at MBU seeks to develop reflective, problem-solving, professional educators of excellence from a Christian perspective; to enhance the lives of students in the classroom intellectually, spiritually, physically, and socially; and to significantly influence students through the demonstrated integration of Christian faith and learning in the classroom, so that they may become positive change agents in a globally and culturally diverse society, and includes both undergraduate and graduate education programs including Early Childhood Education, Early Childhood Education Special Education, Elementary Education K12 and Secondary Education, online Master of Science in Higher Education Leadership and an online Ed.D. in Higher Education Leadership. Dr. Bishop holds a B.S. in Mathematics-Secondary Education from Southwest Baptist University, an M.A. in Education and an Ed.D. in Instructional Leadership, both from Lindenwood University.
