Academic Program Actions Approved through Routine and Staff Review

Coordinating Board for Higher Education
September 15, 2021

BACKGROUND

Section 173.005.2(1), RSMo, authorizes the Coordinating Board for Higher Education (CBHE) to approve new degree programs to be offered by state institutions of higher education. The CBHE delegated the authority to approve new academic programs that meet the criteria for routine or staff review to the Commissioner of Higher Education. Routine review applies to proposals within an institution's CBHE-approved mission and service region that do not unnecessarily duplicate an existing program in the geographic area, will be offered at the main campus or at an approved off-site location, will build on existing programs and faculty expertise, and can be launched with minimal expense and within an institution's current operating budget. Staff review applies to minor program changes such as deletion, inactivation, change of title or CIP, or change of address notification.

This agenda item reports all Routine and Staff reviews approved by the Department of Higher Education and Workforce Development (DHEWD) from May – July 2021.

CURRENT STATUS

Table 1 summarizes proposed program actions submitted to the DHEWD by public institutions, Table 2 summarizes proposed program actions submitted by independent institutions, and Table 3 summarizes instructional site notices. An itemized list of program actions is included in the attachment.
