

1. Does the system have XML electronic transcript capabilities?

#	Answer		Response	%
1	Yes		11	37%
2	No		15	50%
3	Unsure		4	13%
	Total		30	100%

2. Does the system have PDF electronic transcript capabilities?

#	Answer		Response	%
1	Yes		17	57%
2	No		9	30%
3	Unsure		4	13%
	Total		30	100%

3. Has your institution started implementing either of these capabilities?

#	Answer		Response	%
1	Yes		14	47%
2	No		15	50%
3	Unsure		1	3%
	Total		30	100%

4. Which format(s)?

#	Answer		Response	%
1	XML		1	7%
2	PDF		10	71%
3	Both		3	21%
	Total		14	100%

5. What resources are needed to start or complete the implementation?

Text Response

IT staff and support

None. In progress.

time

Datatel development

I don't know.

unknown at this time

More manpower, finish developing the PDF output and find ways to better automate the process, establish the process when we receive e-transcripts from other institutions.

XML software would have to be purchased.

approval from upper level administration and IT staff to implement the capabilities

Not certain

Programming Staff

Funding, Time, Records & Programming Personnel,

Staffing, training

Technical and functional resources

We are in the process of developing a modification to our system to allow for the transmission of XML and PDF transcripts.

It was just announced at Ellucian Summit (Banner) last week that the Clearinghouse and Ellucian would partner to write an integration for the PDF and XML transcript request. Though our plan was to try to implement this by July 1, we will wait until the Banner upgrade is released to implement. They indicated this would be sometime in late summer 2013.

project management, functional, technical

A little bit more time. We are nearly ready implement.

To do pdf transcripts additional software would need to be purchased from Form Fusion.

Complete setup and activation for the Clearinghouse Services.

Discussion with NSC and implementation of their script to process transcripts via NSC

More staff for ITS and additional servers.

XML and/or PDF data transfer, purchasing equipment for XML, training IT staff, IT resources for setting up XML/PDF, setting up Clearinghouse ETX agreements, training for staff

For straight PDF exchange, we anticipate minimal resources to start implementation.

Staff and time resources, IT programming

programming resources from University of Missouri-system

Finalize contract with NSC

6. What other barriers to implementation exist?

Text Response
None.
Staffing
Time, staff
We don't anticipate any barriers
Establishing a timeline of what we are going to do and when.
Staffing to assign PESC codes, maintain equivalencies with all institutions, import transcripts.
Training of registrar staff to submit and receive electronic transcripts
working this project into the schedule for fairly new/understaffed IT department
Staffing and timeline
Funding, Staff Time, Program Requirements from State,
Time and resources appear to be the main barriers
Programming, testing, training, staffing and ultimately, cost
Technical and functional assistance (time)with testing. Typically summer is the best time for us to implement enhancements, so we will see what the timeframe once the upgrade is available.
resources, complex programming
time
System capabilities.
Employee time and resources
Attitudes of certain campus entities towards perceived security risks and work loads.
Lack of understanding about XML, not currently using XML or PDF data transfer, lack of IT resources
We do not anticipate barriers.
Staff and time resources who are already dedicated to other projects.

7. Is your institution using or considering using the National Student Clearinghouse Electronic Transcript Exchange?

#	Answer	Response	%
133	Currently using this service	7	23%
134	Considering using this service	19	63%
135	Not using this service	4	13%
136	Unsure	0	0%
	Total	30	100%

8. Which format?

#	Answer		Response	%
1	XML		4	15%
2	PDF		15	58%
3	Both		7	27%
4	Other (specify)		0	0%
	Total		26	100%

9. Is your institution using another electronic transcript exchange provider?

#	Answer		Response	%
1	Yes		4	13%
2	No		26	87%
3	Unsure		0	0%
	Total		30	100%

10. Which vendor(s)?

Text Response
Script Safe, Docufide
eSCRIP-SAFE
scrip-safe
Scrip-Safe

11. Is your institution currently participating in the MRTI?

#	Answer		Response	%
1	Yes		13	45%
2	No		10	34%
3	Unsure		6	21%
	Total		29	100%

12. Is your institution willing to participate in the pilot phase?

#	Answer		Response	%
1	Yes		11	39%
2	No		3	11%
3	Unsure		14	50%
	Total		28	100%

13. What questions do you have about the MRTI?

Text Response

No questions at this time.

Does participating in the MRTI require specific reporting besides transcript submission by the student?

How will the grant funding be distributed to schools? What are the date requirements? Has a timeline been established?
