MISSOURI REVERSE TRANSFER
seamless associate degree completion

Get the degree you have earned!

If you have completed at least 15 credit hours* at a two-year college and transferred to a four-year college or university in Missouri, the Missouri Reverse Transfer Program could help you earn an associate degree – even if you are not currently attending college.

An associate degree can open the door to more job opportunities and higher pay and help pave the way to a bachelor's degree.
