## New Program Report

**Specific Population Characteristics to be served:**

This program aims to serve undergraduates interested in becoming a Music Therapist-Board Certified (MT-BC). The university will draw from an interest pool similar to that of its primary undergraduate population. The program will offer a new career alternative that will prove attractive to a new audience of potential students within that recruitment pool. Only three other institutions in Missouri currently offer this degree and we feel Truman is well positioned to attract high caliber students.

**Faculty Characteristics**

**Special Requirements for Assignment of Teaching for this Degree/Certificate:**

A board-certified music therapist employed full-time is required for all courses intended to meet the music therapy portion of the degree program as dictated by the accrediting bodies of AMTA and NASM.

**Estimate Percentage of Credit Hours that will be assigned to full time faculty:**

With some minor occasional exceptions, all courses in the major will be taught by full time faculty.

**Expectations for professional activities, special student contact, teaching/learning innovation:**

Faculty will be expected to engage in regular professional development by attending conferences required to maintain currently in the field and to remain board certified. Full time faculty are also required to remain engaged in student advising.
