It shall be the duty of this Committee to nominate candidates for the offices to be filled by election at the regular meeting immediately prior to December 31. Before the election at the regular meeting in December, following the report of the Nominating Committee, additional nominations from the floor shall be permitted. Officers' terms shall begin at the close of the regular December meeting, and officers shall serve for a period of one year and until their successors are elected and qualified.

No member shall hold more than one office at a time. No member shall be eligible to serve more than two consecutive terms in the same office, unless a member makes a motion that another member be permitted to serve more than two consecutive terms in the same office and the motion is approved by at least a two-thirds vote of the members of the Board. No member shall be permitted to serve more than four consecutive terms in the same office under any circumstances.

If any member of the Board fails to attend any two consecutive regularly called meetings of the Board, or any three regularly called meetings in any calendar year, of which meetings the member shall have had due notice, unless such absences shall be caused by sickness or some accident preventing the member's presence (as defined in Article IV, Section 4.A) at the meetings, the Chair shall bring the matter to the attention of the Director of Boards and Commissions in the Governor's Office. For purposes of this Section, "regularly called meetings" shall include the four (4) regular meetings required under Article IV, Section 1 above, as well as the Board's summer retreat.

DEPARTMENT OF HIGHER EDUCATION & WORKFORCE DEVELOPMENT

ORGANIZATIONAL INFORMATION: DEPARTMENT DUTIES

The Coordinating Board for Higher Education (CBHE) and its administrative arm, the Missouri Department of Higher Education and Workforce Development (MDHEWD), have a varied portfolio of duties. The following provides a high-level summary of those duties.

Planning is one of the MDHEWD's core functions. The department is responsible for developing and overseeing implementation of a coordinated plan for higher education for the state and its subregions (§ 173.020(4)), identifying the state's higher education and workforce needs (§ 173.020(2)), and delineating each institution's areas of competence (§ 173.005.2(10)). The department reviews each public college's and university's mission periodically (§ 173.030(8)) and has authority to approve applications from institutions seeking to establish a statewide mission (§ 173.030(9)). The department collects data to use in its decision-making processes and makes those data available in the Statistical Summary of Missouri Higher Education published on the MDHEWD website.

Academic program approval and review are closely linked to the department's planning function. The department reviews new degree program proposals offered by public colleges and universities (§ 173.005.2(1)) and has authority to make recommendations to institutions' governing boards regarding the development, consolidation, or elimination of programs, degree offerings, and facilities (§ 173.030(2)).

The department is also tasked with fostering **institutional relationships** that serve the state's higher education needs. Specific responsibilities in this area include encouraging the development of cooperative agreements for the offering of graduate degrees, as well as developing arrangements for more effective and economical specialization among institutions, and for more effective coordination and mutual support among institutions in the use of facilities, faculty, and other resources (§ 173.020(3)).

The department coordinates public colleges' and universities' core operating and capital projects **budget requests** by establishing guidelines for public universities' requests (§ 173.005.2(4)), approving a community college funding model (§ 163.191.3), and submitting a unified budget request for community colleges (§ 163.191.2). Requests for

operating appropriations are made based on the performance funding model the department adopted in 2008 (§ 173.1006.1).

The department also develops budget requests for and oversees the state's **student financial aid** programs, the largest of which are Access Missouri (§ 173.1103.1); the Higher Education Academic Scholarship Program, commonly referred to as "Bright Flight" (§ 173.250.3); and the A+ Scholarship Program (assigned to the department by Executive Order 10-16).

Also in the affordability category, the department administers the Higher Education Student Funding Act, commonly referred to as SB 389, which provides that a public university that increases tuition and some fees more than the rate of inflation plus an amount (no more than 5%) that would produce an increase in net tuition revenue no greater than the amount by which state operating support was reduced in the previous fiscal year will be subject to a fine of up to 5% of the institution's state operating support (§ 173.1003.5). The law also includes a provision that allow institutions ask the commissioner of higher education for a waiver of all or part of the fine (§ 173.1003.5).

Proprietary school certification is another of the department's important responsibilities. The department licenses and oversees *for-profit* proprietary schools like the University of Phoenix and some *not-for-profit* proprietary schools like Victory Trade School, a religiously affiliated institution in Springfield with a mission of preparing homeless individuals for work in the culinary arts (§§ 173.612.2 & 173.616.1).

The department offers resources that help students **plan for** and **complete** postsecondary programs. The MDHEWD's Journey to College programs support high school students as they apply for college admission and financial aid, and celebrate students' choices about attending college and participating in military service.

The department has a long history of working with colleges and universities to develop guidelines that promote **transfer** between institutions; a statewide library of core courses that transfer from one institution to another; and a policy fostering “reverse transfer,” which allows a student who transfers from a community college before earning enough credits to receive an associate degree to be awarded an associate degree when he or she earns the remaining needed credits at the university to which they have transferred (§ 173.005.2(9)).

Senate Bill 997, a higher education omnibus bill that became law on August 28, 2016, gives the department significant additional responsibilities, many of which strengthen the department’s role in promoting transfer. The department is tasked with working with an advisory committee – the majority of which must be faculty members – to develop a core curriculum that is guaranteed to transfer to another institution and a common course numbering equivalency matrix (§ 178.780.2(10)). These provisions essentially make mandatory practices that have been voluntary in the past. The new law also requires the department to evaluate and maintain data on each institution’s transfer practices (§ 178.788.1) and to resolve disputes about transfer (§ 178.788.2).

Senate Bill 997 requires the department to develop programs designed to promote **on-time completion**, including “15 to Finish” (§ 173.2510) and guided pathways (§ 173.2515); to establish a pilot program for “concurrent enrollment,” which allows community college students to enroll in a public university, take select university classes, and use the university’s facilities (§ 173.2520); and to create a website that provides information about academic programs available at each institution, financial aid, and transfer of course credit (§ 173.035).

In addition, the new law establishes a dual credit scholarship for high school students who meet certain academic standards and demonstrate financial need. The MDHEWD has indicated that it will cost approximately \$4.5 million to launch the scholarship program. That information is included in the department’s high-priority budget recommendation, which accompanies the department’s actual budget request and is intended to provide information about important funding needs that do not fit within the parameters of the Office of Administration’s budget instructions.

The department has served as the **state-designated student loan guaranty agency** in the Federal Family Education Loan Program (FFELP) since 1979, making it possible for generations of students, regardless of personal resources, to receive loans because of protection against defaults.

As a FFELP guaranty agency, the MDHEWD receives servicing fees from the U.S. Department of Education (USDE) and retains a portion of defaulted student loan collections. These revenues are used to fund loan administration functions and other financial aid-related activities. In addition, the MDHEWD purchases defaulted student loans from lending institutions and is reimbursed for loan purchases by USDE (20 U.S.C. §1072a).

As Missouri’s guaranty agency, the MDHEWD helps students and families pay for a college education by:

- Providing information on postsecondary opportunities and financial aid directly to students and families (20 U.S.C. § 1072b);
- Creating financial literacy materials and programs for students, families, and schools to help them better manage finances (§ 165.275); and
- Helping borrowers resolve problems repaying loans and restore their credit if they default (20 U.S.C. § 1072b).

As Missouri’s workforce development agency, MDHEWD promotes a strong workforce by:

- Administering federal and state funded employment and training programs such as: The Workforce Innovation and Opportunity Act, the Wagner-Peyser Act, the Trade Adjustment Assistance Act, (§ 620.484 & 29 U.S.C. § 3101), the Veterans’ Employment and Training Service, and the Show Me Heroes Program (§ 620.151).
- Coordinating services through a statewide network of Missouri Job Centers and self-service website. (29 U.S.C. § 3101).
- Helping coordinate Registered Apprenticeships among more than 15,000 apprentices and 3,600 employers. (29 U.S.C. § 3101).

The Missouri Economic Research Information Center (MERIC) supports both higher education and workforce development efforts within MDHEWD by:

- Providing analyses and assistance to policymakers and the public, including studies of the state's economic trends, targeted industries, and labor markets. (MERIC is funded by a mixture of state and federal law and its functions are determined by statute, contract, and

department leadership. There is no one citation for its work).

- Collecting data at the student and aggregate levels using a variety of survey instruments. (§ 173.005.2(4)).
