# Career and Technical Education Engagement Report

Coordinating Board for Higher Education  
March 16, 2023

## BACKGROUND

On August 28, 2022, [RSMo 167.908](#) went into effect. The statute requires that DHEWD provide the means for high school students in Career and Technical Education (CTE) programs to complete an application for federal funding under the WIOA Program. In order to meet this requirement, DHEWD must ensure engagement with CTE programs every year, until 100% engagement has been met; DHEWD must maintain that engagement at 100% every school year thereafter.

- For the 2022-2023 school year, fifty percent;
- For the 2023-2024 school year, seventy percent;
- For the 2024-2025 school year, ninety percent; and
- For the 2025-2026 school year and every school year thereafter, one hundred percent.

## CURRENT STATUS

The Office of Workforce Development (OWD) is responsible for this initiative. To date, OWD has engaged 36 of the 57 CTEs (63%), exceeding the required percentage for the current school year. Engagement occurred through multiple teams within OWD, including activities associated with the local WIOA Youth service providers. A tracking mechanism is in place to record all activity across multiple teams.

OWD works closely with the Department of Elementary and Secondary Education's (DESE) Career Pathways Manager to create opportunities for engagement. The engagement plan for the remainder of this school year includes:

- OWD to speak during four 30-minute informational webinars for CTE Directors, hosted by DESE
- OWD to speak at DESE's Spring Apprenticeship Boot Camp, March 20-21

Plan for 2023-2024 school year:

- Continued engagement with directors through webinars
- Continued on-site engagement with CTEs as scheduled
- Attend and speak at [MOACTE](#) & [MCCTA](#) Conferences
- Begin engaging with CTE staff during scheduled professional development days
  - Schedule with all CTEs at the start of the year to ensure 70% rate is achieved

## NEXT STEPS

OWD will continue engagement with CTEs as planned. Effective March 16, 2023, OWD will have a dedicated FTE to focus on this initiative and other youth-related initiatives to ensure continued success.

## RECOMMENDATION

This is an informational item.
