

**Board of Trustees Mission:** SCC serves our community by focusing on academic excellence, student success, workforce advancement, and life-long learning within a global society. We celebrate diversity and we enrich the economic and cultural vitality of the region by providing an accessible, comprehensive, and supportive environment for teaching and learning.

**CBHE-Approved Mission Description (December 2023):** St. Charles Community College is a community college located in Cottleville, Missouri. It is responsible for serving the residents of its taxing district and its CBHE-approved service area.

St. Charles Community College serves its CBHE-approved service region by offering academic programs leading to the Associate of Arts and the Associate of Science degrees, which transfer to four-year institutions, and postsecondary instruction in the liberal arts and sciences, and general education (including dual credit) that prepares students for transfer to four-year institutions. St. Charles Community College also offers programs in career and technical education, leading to certificates and the Associate of Applied Science degree, and provides basic and workplace skills training for career preparation and advancement as well as workforce skills training and customized training for businesses. St. Charles Community College has particular strengths in nursing and other allied health fields, education, and computer science.

St. Charles Community College further fulfills its CBHE-approved mission by offering services in its region to promote and sustain economic development, small business development, and workforce development, in addition to a broad range of academic and cultural activities and events, and the shared use of facilities (libraries, theatres, galleries, etc.) and other types of institutional assets not available elsewhere in the region.

Every five years, St. Charles Community College will provide to the Coordinating Board, in a manner determined by the Coordinating Board, evidence of fulfilling its CBHE-approved mission.
