Dear Commissioner Mulligan:

The University of Missouri’s tuition and fee rates effective with the 2018 fall session have been established by Board of Curators action. Missouri resident undergraduate tuition rates will increase at the change in the consumer price index, or 2.1% and other required fee rates will increase by 1.9%. The University’s tuition and fees are in compliance with the Higher Education Student Funding Act (HESFA, SB389). Average total tuition and required fees will be $9,812.58, an increase of $196.97 from the fall 2017 average rate of $9,615.61.

Additionally, for your information, as a result of an agreement reached with the general assembly to protect the University’s state appropriation, the University will waive part of that increased charge and will only require payment of one percent more than the previous Fall 2018 semester. This waiver will be re-evaluated for Spring 2019 and in future years.

This notification is being sent in compliance with the Higher Education Student Funding Act.

Thank you for your continued support and untiring efforts in promoting higher education.

Sincerely,

Mun Y. Choi
President
