

MDHEWD Student Portal

The MDHEWD Student Portal provides students with information to help plan and pay for college. Students can view their personal information relating to all of MDHEWD's student financial aid programs, including the A+ Scholarship, Access Missouri, Bright Flight, and Fast Track financial aid programs. In addition, students can:

- View program eligibility information
- Access scholarship/grant payment history
- Add and rank school choices
- View application information
- View eligibility letters and notices
- Opt to receive emails or text messages with general and personalized information
- Estimate their state financial aid with the State Aid Eligibility Estimator
- Directly apply to MDHEWD's state student financial aid programs that require an application
- Access the Student Workspace to save information related to planning and paying for college and finishing a degree or certificate
- Access other student resources

Accessing the Portal

Visit <https://web.dhewd.mo.gov/studentportal/> to sign in. Upon initial setup, you will be asked to create a username and password, select a secret word, and three security questions. Once your account is created, you will use your username, password, and secret word to log in going forward.

- Your Social Security number is required to create an account so MDHEWD can match you to your personal information such as FAFSA records. (MDHEWD automatically receives these records for Missouri residents from the U.S. Department of Education.)
- If you have questions about accessing the portal or are unsure about your personal information (ACT/SAT scores, FAFSA information) located in the portal, use the Contact Us feature or call us at (800) 473-6757, option 4 for assistance.
